

3.7 Target Period of Completion of Various Activities

The following table provides the target period of completion of various activities:

S.No	Type of Service	Time Limit for Rendering the Service
1	<p>LT Connection</p> <p>1. Acceptance and Notice of inspection on receipt of complete application.</p> <p>2. Inspection after sending the notice</p> <p style="padding-left: 20px;">a. Urban areas</p> <p style="padding-left: 20px;">b. Rural areas</p> <p>(i) if the extension work is not required and the connection is to be given from the existing network</p> <p>3. Issue of demand note to the applicant for payment of estimated charges.</p> <p style="padding-left: 20px;">a. Urban areas</p> <p style="padding-left: 20px;">b. Rural areas</p> <p>4. Serving of power availability notice for commencement of supply after payment of necessary charges</p> <p style="padding-left: 20px;">a. Urban areas</p> <p style="padding-left: 20px;">b. Rural areas</p> <p>(ii) If the extension work or enhancement of transformer capacity is required.</p> <p>5. Issue of demand note to the applicant for payment of estimated charges</p> <p style="padding-left: 20px;">a. Urban areas</p> <p style="padding-left: 20px;">b. Rural areas</p> <p>6. After payment of necessary charges serving of power availability notice for commencement of supply – All connections</p>	<p>5 days</p> <p>3 days 7 days</p> <p>3 days 5 days</p> <p>5 days 7 days</p> <p>{ 20 days }</p> <p>30 days</p>
2	<p>High Tension Connection</p> <p>a) Information feasibility after receipt of the application</p> <p>b) Issue of demand note of estimated charges (after issue of notice of feasibility)</p> <p style="padding-left: 20px;">(i) If no extension of work is involved</p> <p style="padding-left: 20px;">(ii) If extension work is involved</p> <p>c) Serving of power availability notice for commencement of supply / release of connection after receipt of estimated charges subject to receipt of clearance from Electrical Inspector</p> <p style="padding-left: 20px;">(i) If no extension of work is involved</p> <p style="padding-left: 20px;">(ii) If extension work is involved</p> <p style="padding-left: 40px;">- Construction of 11 kV line</p> <p style="padding-left: 40px;">- Construction of 22 kV or 33 kV line</p>	<p>10 days</p> <p>7 days 45 days</p> <p>7 days</p> <p>30 days 45 days</p>
3	<p>Extra High Tension Connection</p> <p>a) Informing feasibility after receipt of the application</p> <p>b) Issue of demand note of estimate charges after issue of notice feasibility</p>	<p>10 days 60 days</p>

	<p>c) Serving of power availability notice for commencement of supply / release of connection after receipt of estimated charges</p> <p>(i) involving construction / extension of EHT line</p> <p>(ii) involving construction / extension of EHT line and additional transformer</p>	<p>45 days (Subject to receipt of clearance from Electrical Inspector)</p> <p>180 days</p>
